English Literacy

Students need to continue working on making sure their writing has the following to be meeting grade level expectations in English writing:

- 4-5 sentences in their pieces
- capital letters at the beginning of sentences, for proper nouns, 'I'
- periods at the end of sentences
- 'no excuse' words spelled correctly

Students are reminded to read regularly for practice.

Math

I will be assessing students the week of May 30th on the passage of time using minutes, hours, days, weeks, months and years.

For our final math outcomes of the year, we will be working on measuring using centimetres and metres. Students can practice these concepts at home by measuring various objects around the house using centimetres. In class, students will practice using a referent (an object you can use to help you estimate a measurement) to measure various objects. They will also be using rulers to measure in centimetres and metres.

Students will be assessed during the week of June 6th on measurement.
