

What's Happening in 3 FI

May 2nd - 5th

Français

This week we will be working on the following:

- Sounds - *eur/eure/oeur*
- Sight words - *arrive, courir, entre, côté, alors, faim, sur, encore, monter, monte*
- Reading strategy (comprehension) - *visualize the text in your head*

To be **MEETING** grade level expectations in reading for THIRD term, your child needs to be reading at levels **J-L**.

Cross-Curricular Block/Science

This week in science, we will be working on examining soil from different areas in nature. We will be focusing on making predictions and asking questions to further develop our learning. Students will be assessed based on their participating during class discussions.

Math

We have begun working on subtracting two 3-digit numbers. We will be using base ten pictures, number lines and making ten as our strategies. Students will continue to complete pieces of assessment (quick check-ins to see if they understood the strategies). If you find your child is not getting the answers correct, there is an attached sheet for extra practice. You can use this link to see the strategies in action:
